## Spring 2018

### Sensational Science

Join us and we'll prove to you that science truly is all around us! Using Newton's color wheel, you'll actually build white light like a puzzle from its component parts! You'll learn how to make your favorite soft drink and even pick up a few magic tricks to fool your friends - all while learning about the science that makes them possible! With a little practice you'll begin to see the science in EVERYTHING!
