Simple Calculator with square root capabilities, Graphing/Scientific OK, (Not cell phone) <p>***Students must be comfortable with their individual calculator; simple is better if getting around the basic functions are difficult. Although we will be covering graphing topics and graph generation a graphing calculator or scientific calculator is NOT necessary. Any topics requiring digital graph generation or higher scientific calculations will be done by all students via a computer terminal so a simple calculator with square root function is best for the majority of the concepts delivered in class.</p>
