

## Sacramento Valley Charter School Education Protection Account (EPA) 2018-19

The creation of the Education Protection Account (EPA) by Proposition 30, *The Schools and Local Public Safety Protection Act of 2012*, approved by the voters on November 6, 2012, temporarily increased the state's sales tax rate for all taxpayers and the personal income tax rates for upper-income taxpayers.

Revenues generated from Proposition 30 are deposited into state account called the EPA and local agencies have the sole authority to determine how the funds received from the EPA are spent, with these provisos:

- The spending plan must be approved by the governing board during a public meeting
- EPA funds cannot be used for the salaries or benefits of administrators or any other administrative costs
- Each year, the local agency must publish on its website an accounting of how much money was received from the EPA and how the funds were expended

*EPA funds are not additional revenue; it is an offset to the Revenue Limit. Approximately 20% of the school's total deficated revenue limit must be accounted for under the new SACS resource code 1400.*

In addition to the above requirements, the school's annual financial audit must include verification that the EPA funds were used as specified by Proposition 30. There were no findings for EPA in the audit report.

At its June 6, 2018 meeting, the board approved the 2018-19 spending plan to use EPA funds for teacher salaries. An increase of \$637 for 2017-18 is included in the 2018-19 total revenue and expense. The revenue was received (or set up as receivable) and the expenditures were applied by the end of the fiscal year.
