Dear Parents and Guardians of Sacramento Valley Charter School,

We are writing to inform you of a serious incident that occurred on campus on Wednesday, December 18, 2024. A minor was caught distributing a controlled substance, in the form of an edible, to other students.

As soon as the situation was discovered, our school administrators and staff acted swiftly and decisively to address the matter. Local law enforcement agencies and Child Protective Services were immediately notified, and we are fully cooperating with them in their investigation. We want to assure you that every necessary step was taken to ensure the safety of all students involved.

In response to this incident, our middle school students attended a mandatory assembly to educate them about the dangers of controlled substances and their harmful effects. The goal of this assembly was to raise awareness and encourage students to make healthy, informed decisions.

At Sacramento Valley Charter School, we remain fully committed to the health, safety, and well-being of every scholar who walks through our doors. We pride ourselves on providing a safe environment for all our students, where parents and guardians can trust that their children are protected. We will continue to uphold our high standards and ensure that incidents like this are handled with the utmost diligence and care.

Thank you for your continued support in helping us maintain a safe and supportive learning environment for all our students. Should you have any questions or concerns, please do not hesitate to contact the school administration.

Dr. Vendetta Dozier-Brown

Principal/Superintendent
