## Sacramento Valley Charter School Parent Newsletter

*Dear Parents and Guardians,*

*Congratulations to you and to your scholars on completing another year of school. From all of us at Sacramento Valley Charter School- we are so proud of our incredible students. While we know that online learning this year has not been easy, we are very grateful for your hardwork and determination. Thank you to the parents and families for their continued support of your child's education.*

*We hope that the next school year is going to be fully in person as COVID-19 is gradually coming under control. However, it is too soon to predict a normal return to school in view of the virus mutation and breakouts occurring in different parts of the world. Now that the vaccine is available to children 12 years and older, our middle-school parents can take action towards protecting their kids, their families, and the community from the virus. We encourage you to make an appointment and help stop the spread.*

*5th grader enjoys pancakes during High Achievers Breakfast*

*It is very important that, if you have not already done so, your scholar's textbooks are returned to the Front Office. Please make a point to bring these textbooks in at your earliest convenience. We do not need the consumable books (such as workbooks) to be returned. Chromebooks may remain checked-out by the student over the summer so that they can access online assignments and educational resources. Only graduating 8th grade students and students who will not be returning next year will be required to return their Chromebooks.*

*If your scholar is not returning next school year, please notify the school right away so that we can offer their space to students on our waitlist. You may call the office at (916) 596-6422 or email [svcsecretary@sacvalleycharter.org](mailto:svcsecretary@sacvalleycharter.org)*

*If there have been any changes in your contact information such as address, telephone number, or emergency contacts, please make those corrections on your Schoolwise account, or inform the office immediately.*

*Dr. Amrik Singh, Principal*

We had some exciting events during the last few weeks of school. First, there was a **Breakfast with Dr. Singh for Outstanding Scholars**. We are proud of our distinguished scholars who work hard unfazed by extreme challenges or unusual circumstances. On May 27, fifty nine scholars, honor roll and principal honor roll awards, joined in the breakfast along with their parents. The celebratory occasion provided the much needed respite from the fatigue of online learning.

Next, we hosted the **Kindergarten Promotion Ceremony**. Thirty nine Kindergartners taught by Ms. Kang and Ms. Olson got promoted to the first grade during a specially organized ceremony on June 1st. For some, it was the only experience of in-person class during a year of virtual learning.

Finally, we celebrated **8th Grade Graduation**. The kindergartners of 2012 completed their nine years of education at SVCS to successfully enter the high school. For some it was hard to believe that they were going to another school. A large number of parents requested that the school be upgraded to a high school so that their scholars could stay with us a bit longer. We wish our graduates all the best in high school.

As a family you should enjoy some well deserved rest and relaxation after a challenging year. But do also keep in mind some important information and dates.

**Summer Boost program:** will take place fully in-person. It begins June 21st and it will end July 9th. You will be notified by the office if your scholar is to attend Summer Boost. During these 3 weeks, your scholar has the opportunity to fill in any gaps in their learning from this past year. Summer Boost will take place during regular school hours (8:30am-3pm) and students are expected to wear their school uniform and bring their chromebooks with them everyday. Please encourage them to make the most of this extended learning time as it will help them to feel more confident going into the next school year.

**Meet-and-Greet:** is scheduled for August 10th, 2021 at 2pm. Parents, teachers, school staff, and students are invited to attend. This is the time to become acquainted with your scholar's teachers and other staff members that you may be corresponding with. We hope to see you there.

**First day of School** is August 12th, 2021. The school day begins at 8:30am and ends at 3pm. Please make sure that your scholar is prepared with their materials and they arrive on time everyday.

*Our Kindergartners promote to the 1st grade*

*Congratulations to our 8th graders for graduating. Good luck in High School!*

### Dates to Remember
