Sacramento Valley Charter School 2023-24 45-Day Budget Revision August 23, 2023

The following narrative is provided to highlight and explain significant changes since the State adopted its budget as well as enrollment estimates and changes since SVCS adopted its budget on June 9, 2023.

The State's adopted budget highlights are:

- Full funding of the K-12 COLA at 8.22%
- Reducing the one-time Arts, Music & Instructional Materials Block Grant by \$200M.
- Reducing the Learning Recovery Emergency Block Grant by \$1.59B
- Extended the expenditure deadline for ELOP planning fund by one year to 06/30/2024.
- Increases meal funding for anticipated demand increases in 2022-23 and 2023-24
- Requires screening of K-2nd graders for reading difficulties, including dyslexia, by 2025-26

Revenue:

LCFF: Net increase \$483,516

The main reasons for the net increase in LCFF revenue are:

- 1) an increase in enrollment from 325 to 360 (with pre-opening enrollment of 377)
- 2) SVCS' focus on returning the attendance rate from 94% to 95% (and eventually returning to the pre-COVID rate of 96%+)

Federal Revenue: No change

Other State Revenue: No change

Local Revenue: No change

Expenses:

Certificated: Decrease of \$45,819. The ELA Coach position was revised from 3 to 2 days per week. Three open teaching positions have been removed/offset and restored in the MYP. As more Special Education students are identified and IEP-listed services are needed, SVCS has hired a full-time Psychologist and full-time Special Education Coordinator with Administrative Credential. And, with ESSER III, LREBG and ERMHS funding, SVCS has hired a full-time counselor. Other changes are due to staff turnover, stipends for teachers of record and pay differences between the current and prior employees in the positions.

Classified: Increase of \$240,701 for additional Instructional Aide positions, pay rate increases for IAs based on wage pressure to attract and retain skilled IAs. The Nutrition Services Manager position is restored and will be full-time initially and part-time once the program is functioning properly.

Benefits: Increase of \$13,940 for increased statutory benefits on rate increases and additional positions described in the previous sections. The Health & Welfare benefits will be carefully reviewed and updated once new hires have made their benefits selections and the 2024 rates are known.

Books and Supplies: No change.

Services and Operating Expenses: Increase of \$224,040 of which \$170,000 is for the TK facility and grounds improvements and \$40,000 increase in services for the board-approved SWEAT Team agreement for P.E. services and after school program sports. NOTE: It is likely that most or all of the TK facility and playground expenses will need to be capitalized and depreciated over the estimated life of the asset. In this case, the 2023-24 expense will be much lower and reflect in depreciation expense for many years into the future.

Other Outgo/Financing Uses: No change.

Summary:

SVCS' strong financial position continues especially with sizeable enrollment growth and its on-going favorable reserves balance.

With the enrollment growth, depletion of one-time funding is manageable. SVCS will be able to meet its future obligations as well as maintain its reserves above the 5% level contained in the Operations MOU.

Reminders: SVCS' unduplicated funding is capped at WUSD's rate of 68% vs. our rate of 84%. The State's budget deficit will likely impact schools in future years unless State revenues improve dramatically.

Sacramento Valley Charter School Education Protection Account 2022-23 Results For Action on August 23, 2023

BACKGROUND

The creation of the Education Protection Account (EPA) by Proposition 30, The Schools and Local Public Safety Protection Act of 2012, approved by the voters on November 6, 2012, temporarily increased the states sales tax rate for all taxpayers and the personal income tax rates for upper-income taxpayers.

Revenues generated from Proposition 30 have been deposited into the state account called the EPA and local agencies have the sole authority to determine how the funds received from the EPA are spent, with these provisos:

- The spending plan must be approved by the governing board during a public meeting
- EPA funds cannot be used for the salaries or benefits of administrators or any other administrative costs
- Each year, the local agency must publish on its website an accounting of how much money was received from the EPA and how the funds were expended

EPA funds are not additional revenue, it is an offset to the funds due under the LCFF. Approximately 20% of the school's total LCFF funding must be accounted for under the SACS resource code 1400. In addition to the above requirements, the school's annual financial audit must include verification that the EPA funds were used as specified by Proposition 30.

RECOMMENDATION AND DESCRIPTION OF RESULTS

Approve the 2022-23 EPA Results. The Board approved the 2022-23 EPA Plan at its June 21, 2022 Board Meeting at an estimated amount of \$697,229. Because of natural disaster declarations and the delay of the annual tax due date, the State did not receive its usual revenue and recalculated and dramatically reduce the 2022-23 apportionment to \$234,067. In addition, there was a \$4,319 reduction from 2021-22 for a net award of \$229,748. The funds were used for teachers' salaries. The use of QuickBooks and ADP make it impractical to code specific staff to the EPA resource code so the accounting will continue to be by journal entry following the quarterly wire transfer of funds from Yolo County Office of Education/Yolo County Treasury to SVCS.

*As calculated by CDE Second Principal Apportionment net PY adjustment.

Transitional Kindergarten Facility Lease Agreement By and Between Sikh Temple Sacramento and Sacramento Valley Charter School

Since 2011, Sikh Temple Sacramento (Temple) has continuously leased school facilities to Sacramento Valley Charter School (SVCS).

Term of Lease: August 1, 2023 to June 30, 2027

This lease agreement incorporates elements for compliance with the Charter School Facility Grant Program (Senate Bill 740 Program) and the annual payment by the Temple to SVCS for the property tax exemption as determined by the Yolo County Assessor.

- 1. SVCS is a 501(c)3 non-profit California corporation engaged in the business of public charter school education.
- 2. SVCS has its own governing board which has the legal right to make decisions to operate this charter school and engage in legally binding contracts with vendors on behalf of this charter school.
- 3. The primary address, office and place of operation for SVCS is 2399 Sellers Way, West Sacramento, CA 95691. SVCS leases school facilities from the Temple at 2399 Sellers Way and 2301 Evergreen Avenue, West Sacramento, CA 95691. This lease is for 2255 Evergreen Avenue, West Sacramento, CA 95691.
- 4. SVCS will occupy 1,122 square feet of classroom space, restroom, kitchen, and hallways plus 1,440 square feet of storage space and the outdoor yard/playground at 2255 Evergreen Avenue, West Sacramento, CA 95691.
- 5. Under the requirements of the Charter School Facility Grant Program (Senate Bill 740 Program), SVCS has obtained an independent appraisal for the Fair Market Rent Analysis to establish the monthly lease payments.
- 6. Based on the results of the Rent Study Fair Market Rent Determination, the monthly rent shall be \$2,995.00 and is below the fair market rent determination of \$2,995.80.
- 7. Beginning July 1, 2024 and each July 1 thereafter for the remainder of the lease term, the monthly rent rate will be adjusted, on a compounding basis, by the State's adopted budget K-12 COLA with an annual effective date of July 1, retroactively, as needed. For example, if the 2024-25 COLA is 4%, the monthly rent would become \$2,995*1.04=\$3,114.80 rounded to \$3,115, effective July 1, 2024.
- 8. SVCS will pay for the electricity, gas, sewer, garbage and water utilities at 2255 Evergreen Avenue, West Sacramento, CA 95691 as these utilities are on their own meters and utility billing.

- 9. By February 15th each year, SVCS will complete and file Form BOE-268-A Exemption for Property Used Exclusively by a Public School with the Yolo County Assessor's Office. The property tax assessment amount varies each year and the amount exempted and returned to the Temple by the Yolo County Assessor for the leased property shall be paid to SVCS.
- 10. Since SVCS' revenue stream for Transitional Kindergarten (TK) is primarily based on pupil attendance and this rent is based on average enrollment of 20 TK students, a downward trend in enrollment could trigger a renegotiation as a mutual adjustment in rent is expected in times of income crisis.
- 11. The terms of this lease agreement can be changed or modified by mutual agreement in writing by both parties.
