Dear SVCS Community:

As you know, Online Teaching classes are starting Tomorrow, March 20th, 2020. It is very important to make sure that your scholar is ready and engaged to participate in this new way of teaching. Please follow the instructions that teachers are sending in order to receive their updates and announcements.

Parents should know that online classes are like regular school classes. Teachers will assign grades for the assignments that are given to students. Your scholars' promotion to the next grade depends on the teachers' assessments. Teachers will also take attendance daily. **Parents are requested to take this method of learning seriously.**

It is also very important to mention that teachers will be using different platforms to keep educating your scholar. It is crucial that you assign a private space to learn for him/her that is free of distractions and interruptions. The class lectures may be recorded; therefore, all students shall be properly dressed and behave appropriately. The Chromebook's microphone and camera may register background conversations and information, please keep your personal conversations in a different room. **If you do not wish your scholar to be video recorded in class, please inform our office in writing, otherwise it will be considered implied parental consent.**

If you need any assistance with Chromebooks, please visit the main office during the scheduled hours. If you need assistance with passwords reset, please contact us via email (techsupport@sacvalleycharter.org).

Please visit our main website for help with Frequently Asked Questions (FAQ).
