

UNIVERSAL MEALS PROGRAM POLICY

Sacramento Valley Charter School (“Charter School”) Governing Board (the “Board”) recognizes that adequate nutrition is essential to the development, health, and learning of all students. The Principal and/or Vice Principal or designee shall facilitate and encourage the participation of students from low-income families in the Charter School’s food service program.

Definitions

“School day” means any day that pupils in kindergarten or any of grades 1 to 12, inclusive, are present at a schoolsite or school facility for purposes of instruction or educational activities, as defined in Section 49010, including, but not limited to, pupil attendance at minimum days, state-funded preschool, transitional kindergarten, summer school including incoming kindergarten pupils, extended school year days, school-sponsored field trips, independent study when a pupil is onsite during the schoolday, and Saturday school sessions.

“Nutritionally adequate breakfast” is one that qualifies for reimbursement under the most current meal pattern for the federal School Breakfast Program (“SBP”), as defined in Section 220.8 of Title 7 of the Code of Federal Regulations.

“Nutritionally adequate lunch” is one that qualifies for reimbursement under the most current meal pattern for the federal National School Lunch Program (“NSLP”), as defined in Section 210.10 of Title 7 of the Code of Federal Regulations.

Universal Free Meals

Commencing with the 2024-2025 school year, each Charter School site shall make available a nutritionally adequate breakfast and a nutritionally adequate lunch free of charge and with adequate time to eat, to any student who requests a meal without consideration of the student’s eligibility for a federally funded free or reduced-price meal, with a maximum of one (1) free breakfast meal per and one (1) free lunch each school day. This shall apply to all pupils in kindergarten through grade twelve (12).

Applications and Notification

If the Charter School participates in the NSLP and/or federal SBP, the Charter School will continue to collect meal application forms aligned with federal regulations. However, regardless of eligibility for federally reimbursable free or reduced-price meals, ALL students who request meals will receive meals free of charge, consistent with this Policy and Education Code Section 49501.5. The Principal and Vice Principal or designee shall ensure that the application form for the universal meals program and related materials include the following statements:

1. Applications for school meals may be submitted at any time during a schoolday.
2. Regardless of federal eligibility for free or reduced-price meals pursuant to NSLP and/or SBP, ALL students who request a meal will receive meals free of charge.

Children participating in the federal NSLP and/or SBP will not be overtly identified by the use of special tokens, special tickets, special serving lines, separate entrances, separate dining areas, or by any other means. The application packet shall include the following notifications and information using simple and culturally appropriate language:

1. A notification that the child may qualify for free or reduced-cost health coverage.
2. A request for the applicant's consent for the child to participate in the Medi-Cal program, if eligible, and to have the information on the school lunch application shared with the entity designated by the State Department of Health Care Services to make an accelerated determination and the local agency that determines eligibility under the Medi-Cal program.
3. A notification that the Charter School will not forward the school lunch application to the entity designated by the State Department of Health Care Services to make an accelerated determination and the local agency that determines eligibility under the Medi-Cal program, without the consent of the child's parent or guardian.
4. A notification that the school lunch application is confidential and, with the exception of forwarding the information for use in health program enrollment upon the consent of the child's parent or guardian, the Charter School will not share the information with any other governmental agency, including the federal Department of Homeland Security and the Social Security Administration.
5. A notification that the school lunch application information will only be used by the entity designated by the State Department of Health Care Services to make an accelerated determination and the state and local agencies that administer the Medi-Cal program for purposes directly related to the administration of the Medi-Cal program and will not be shared with other governmental agencies, including the federal Department of Homeland Security and the Social Security Administration for any purpose other than the administration of the Medi-Cal program.
6. Information regarding the Medi-Cal program, including available services, program requirements, rights and responsibilities, and privacy and confidentiality requirements.

If Charter School elects to post its school meal application online, it will include the following:

1. Include a link to the Internet Web site on which translated applications are posted by the United States Department of Agriculture, with instructions in that language that inform the applicant how to submit the application.
2. Require completion of only those questions necessary for determining eligibility.

3. Include a clear statement that regardless of federal eligibility for free or reduced-price meals pursuant to NSLP and/or SBP, ALL students who request a meal will receive meals free of charge.
3. Include clear instructions for families that are homeless or migrant.
4. Comply with the privacy rights and disclosure protections established by Public Laws 113-79 and 105-277.

 - (iii) The Internet Web page maintained by the State Department of Public Health entitled "About WIC and How to Apply," or another Internet Web page identified by the State Department of Public Health that connects families to the Special Supplemental Nutrition Program for Women, Infants and Children.
 - (iv) The Internet Web site of a summer lunch program authorized to participate within the city or school district.

Charter School shall ensure that a pupil is not denied an available reimbursable meal of the pupil's choice and is not shamed or treated differently from other pupils due to the pupil's eligibility for a federally reimbursable free or reduced-price meals. This paragraph does not prohibit Charter School from serving an alternative reimbursable meal to a pupil who may need one for dietary or religious reasons, or as a regular menu item.

If Charter School is required to provide to the California Department of Education or to the United States Department of Agriculture a copy of the meal charge policy required pursuant to memorandum SP 46-2016 issued by the United States Department of Agriculture, Charter School shall make that policy public.

Charter School personnel and volunteers who serves nutritionally adequate meals to pupils during the instructional day shall not allow any disciplinary action that is taken against a pupil to result in the denial or delay of a nutritionally adequate breakfast or a nutritionally adequate lunch, as defined in Section 49553, to that pupil.

Charter School shall not take any action directed at a pupil to collect school meal fees.

Direct Certification

Although every family should submit an application for school meals, in certain circumstances, Charter School may be able to determine student eligibility without further application. Charter School shall directly certify as eligible the following students:

1. Any child who is a member of a household receiving assistance under the supplemental nutrition assistance program as eligible for free lunches and/or free breakfasts under the Child Nutrition Act of 1966.
2. Any child who is a member of a household that receives CalWORKs (also known as Temporary Assistance for Needy Families or "TANF") or CalFresh aid.
3. Any child who is a member of a household that receives the assistance of a Food Distribution program on Indian Reservations.
4. Any child identified as a foster, migrant, homeless or runaway youth, as defined by the California Education Code.

This Policy prohibits the Charter School from disciplining a student which would result in the denial or delay of a nutritionally adequate meal to that student.

Confidentiality/Release of Records

All applications and records related to the universal school meals program shall be confidential and may not be released except as provided by law and authorized by the Board or pursuant to a court order.

The Board authorizes designated employees to use individual records pertaining to the universal meals program for the following purposes:

1. Disaggregation of academic achievement data
2. Identification of students eligible for alternative supports in any school identified as a Title I program improvement school.

If a student transfers from the Charter School to another charter school, district, county office of education program, or private school, the Principal and Vice Principal or designee may share the student's meal eligibility information to the other educational agency to assist in the continuation of the student's meal benefits.

The Principal and or Vice Principal or designee may release the name and eligibility status of a student participating in the free or reduced-price meal program to another charter school, school district, or county office of education that is serving a student living in the same household as an enrolled student for purposes related to program eligibility and data used in local control funding formula calculations.

The Principal and or Vice Principal or designee may release the name and eligibility status of a student participating in the free or reduced-price meal program to the Superintendent of Public Instruction for purposes of determining funding allocations under the local control funding formula and for assessing accountability of that funding.

The Principal and or Vice Principal or designee may release information on the school lunch program application to the local agency that determines eligibility for participation in the Medi-Cal program if the student has been approved for free meals and if the applicant consents to the sharing of this information.

The Principal and or Vice Principal or designee may also release information on the school lunch application to the local agency that determines eligibility for CalFresh or to an agency that determines eligibility for nutrition assistance programs if the student has been approved for free or reduced-price meals and if the applicant consents to the sharing of this information.

This information released shall adhere to the following requirements:

1. Individual indicators of participation in a free or reduced-price meal program shall not be maintained in the permanent record of any student, unless otherwise authorized by law.
2. The public release of information regarding individual student participation in a free or reduced-price meal program is not permitted.
3. All other confidentiality requirements imposed by law or regulation are met.

Charter School shall ensure appropriate; no cost transportation services are provided for students with disabilities as specified in their IEP as a related service when required. The specific needs of the student shall be the primary consideration when an IEP team is determining the student's transportation needs. Considerations may include, but are not limited to, the student's health needs, travel distances, physical accessibility and safety of streets and sidewalks, accessibility of public

transportation systems, midday or other transportation needs, extended-year services, and, as necessary, implementation of a behavioral intervention plan.

When transportation services are required, the Director of Special Services or designee shall arrange transportation schedules so that students with disabilities do not spend an excessive amount of time on buses compared to other students. Arrivals and departures shall not reduce the length of the school day for these students except as may be prescribed on an individual basis.

Information regarding the number of individuals with exceptional needs who are being provided special education and related services shall be provided in accordance with state and federal law and regulation and SELPA policy.

Independent Educational Evaluations

A. IEE at Parent Expense

Charter School acknowledges that a parent/guardian has the right to obtain an independent educational evaluation(s) ("IEE") at their own expense at any time. In these circumstances, the Director of Special Services shall ensure that the student's IEP team shall consider the results of the IEE when determining an offer of a FAPE for the student. However, the results of an IEE will not dictate the IEP team's determinations.

If a parent/guardian requests reimbursement for an IEE assessment obtained by the parent/guardian at their own expense, the Director of Special Services and team shall ensure that the unilaterally obtained IEE meets the following criteria:

1. The parent disagreed with the Charter School's evaluation and the Charter School received a request within a reasonable time after receipt of the results of the evaluation.
2. The parent timely and upon request provided Charter School with written consent to exchange information with the examiner.
3. The private evaluation meets all criteria contained in this Policy.
4. The parent timely provided a copy of the written evaluation report and all other documents\tests related to the report.
5. The examiner attends the relevant IEP team meeting by phone or in person to discuss their findings and provides protocols of all assessments to Charter School.

The reimbursement will be in an amount no greater than the actual cost to the parents. Parents may only be reimbursed for one (1) IEE for each assessment area or discipline with which they disagree.

In all cases, if Charter School initiates a due process hearing to show that Charter School's evaluation is appropriate, no reimbursement shall be made unless ordered by a Hearing Officer.

B. IEE at Public Expense

Charter School recognizes that federal and state laws provide parents/guardians of students with disabilities with the right to obtain an IEE, at public expense, when the parent/guardian disagrees with an assessment conducted by Charter School within the last two (2) years. Parents may only receive one (1) IEE for each assessment area or discipline with which they disagree.

The Director of Special Services shall ensure that when a parent/guardian requests an IEE at public expense, Charter School shall provide the parent/guardian with a copy of their Procedural Safeguards *and*, without unnecessary delay, either:

1. Initiate a due process hearing to show that the evaluation, completed by the Charter School, is appropriate; or
2. Provide the parent/guardian with information about where an IEE may be obtained, the Charter School's criteria applicable for IEEs, and ensure that an IEE is provided at public expense.

Should the Charter School grant the parent's request for an IEE, the Director of Special Services shall ensure the following:

1. The criteria under which the IEE is obtained at public expense, including the location of the evaluation and the qualifications of the examiner, must be the same as the criteria that Charter School uses when it initiates an evaluation.
2. Charter School does not impose conditions or timelines related to obtaining an IEE at public expense.
3. All assessments shall be completed by persons competent to perform the assessment as determined by Charter School. Parent has the right to choose the examiner.
4. If the original evaluation completed by Charter School included in-class observation of the student, an equivalent opportunity shall apply to an independent educational assessment of the student in the student's current educational placement and setting.
5. A parent/guardian shall have the opportunity to demonstrate that unique circumstances justify a waiver of any of the criteria listed above as defined by Charter School.
6. The evaluator must prepare and sign a full evaluation report containing:
 - a. A list of all information/data reviewed.
 - b. A clear explanation of the testing and assessment results.
 - c. A complete summary of all test scores, including, for all standardized testing administered, all applicable full scale or battery scores, domain or composite scores, and sub-test scores reported in standard, scaled or T-score format.
 - d. A complete summary of all information obtained or reviewed from sources other than testing conducted by the evaluator.
 - e. Recommendations for IEP team consideration for educational programming and, if appropriate, placement that is educationally relevant and realistic within a public educational setting.

The cost determination for an IEE shall be comparable to the costs incurred by Charter School when it uses its own employees' or contractors to complete an assessment, whenever possible and shall reflect reasonable and customary rates for such services in the area. As a result, the Director of Special Services shall provide a parent/guardian with a recommended cost ceiling. The cost ceiling shall be updated (*once every three (3) years*) and determined by averaging the cost of the following three factors:

1. The cost of an assessment provided by a Charter School employee.
2. The cost of an assessment provided by a neighboring local educational agency.
3. The cost of an assessment provided by a private service provider, with appropriate qualification, is within 40 miles from the Charter School.

Board Policy #: 6
Adopted/Ratified: July 24, 2024

The Director of Special Services may consider a parent/guardian's demonstration of any unique circumstances related to the student's education need(s), that justify a financial waiver of any additional cost for an IEE, above the cost ceiling established by the Charter School.

The Director of Special Services shall ensure a parent/guardian voluntarily have their private health insurance pay the costs of the IEE if covered by their insurance. However, Charter School recognizes that federal and state laws specify that parents/guardians are not required to have private insurance cover the costs of an IEE if the process would result in a financial cost to the parent/guardian including but not limited to:

1. A decrease in available lifetime coverage or any other benefit under an insurance policy
2. An increase in premiums or the discontinuance of the policy
3. An out-of-pocket expense such as payment of a deductible amount incurred in filing a claim.
